

SongUp AI Song License

Last updated: 2 October 2026

<https://www.songupai.com> · support@songupai.com

SongUp AI (www.songupai.com) is operated by Ismail Farooq, a sole proprietor based in Lahore, Punjab, Pakistan ("SongUp AI", "we", "us"). This license explains what you may do with the songs you make with SongUp AI. It forms part of our Terms of Service (<https://www.songupai.com/terms>); if the two ever differ, the Terms of Service apply.

1. What this license covers

This license covers the audio tracks (songs) generated for you by SongUp AI, together with the lyrics and titles generated with them. Your rights depend on your plan at the moment the song was made.

2. Songs made on a paid plan or bought on their own

For songs made while a paid plan (Lite, Pro, Pro Plus, Elite or Ultra) was active and in good standing, and for songs bought on their own as a one-time purchase, SongUp AI assigns you full copyright ownership and commercial rights. You may:

- release the song on streaming services such as Spotify, Apple Music and YouTube, and keep the earnings;
- use it in videos, podcasts, games, apps, adverts, films and broadcasts, worldwide;
- sell, license, loop, edit and remix it;

without paying royalties to SongUp AI and without crediting us. Each such song comes with a certificate of ownership bearing a number that anyone can check at <https://www.songupai.com/verify>. Signed-in users download these certificates at <https://www.songupai.com/download-license>.

3. Songs made on the Free tier

Songs made on the Free tier are for personal, non-commercial use. Monetising them (for example on Spotify, YouTube Content ID or in a commercial broadcast) is not allowed, and public use must credit SongUp AI. Free songs come without a certificate of ownership.

Free songs are matched from a shared library of finished tracks. By generating a song on a free account you grant SongUp AI a non-exclusive, worldwide, royalty-free licence to add that recording to the library and serve it to other users. Only the audio is reused: your prompt, lyrics, title and account are never shown to anyone else. Songs made on a paid plan are never added to the library. Ask us at any time and we will remove your track from it.

4. What no license allows

Whatever your plan, you may not use SongUp AI or the songs it makes for:

- sexually explicit, pornographic or adult (NSFW) content of any kind;
- imitating or falsely representing a real artist or any other person, including songs made to sound as if someone else made or sang them;
- reproducing copyrighted songs, melodies or lyrics, or samples you have not cleared;
- hate speech, harassment, threats, defamation, fraud, or content meant to mislead people about who made it.

You are responsible for any lyrics, audio or other material you supply, and must have the right to use it.

We may withdraw this license for songs made in breach of the Terms of Service.
